UGLY FIRE AT THE SUMMIT

Mauer Property at Blue Ridge Summit Falls Prey to Flames. Conducted as Small Boarding House.

Fire Friday night completely destroyed the large frame boarding house at Blue Ridge Summit owned by Mrs. M. L. Mauer and tenanted by Mrs. Albert Seibert. The loss will be \$5,000 or more, covered by insurance. The fire is supposed to have been started from a lamp which was left in an up stairs room and which it is thought exploded.

Mrs. Seibert had been up in an attic room at about 6.30 o'clock. She left a lamp burning and came down stairs to prepare supper. Some time later an alarm of fire was given and it was found that the whole upper floor of the house was ablaze.

Blue Ridge Summit has an organized fire department and alarms are given by striking a large band of steel with a sledge hammer. This alarm was sounded and called persons for over half a mile. A bucket brigade was hastily formed and the brigade did excellent work in preventing the fire from spreading. Much of the furniture was gotten out of the house.

The Mauer house was only 40 feet from the new Episcopal Parish House, which was completed about two months ago at a cost of about \$8,000. After the furniture was removed from the Mauer house, the efforts of the firemen were directed to saving the rectory and but for their efficient work the rectory too would have been destroyed.

The heat about the rectory was so intense that persons with hose attached to the system of water works had to stand behind doors and shutters, while playing streams upon the fire. Rev. E. A. Rich and others took positions on the roof and with buckets of water supplied by the bucket brigade, kept the roof well soaked.

In the room in which the fire started Mrs. Seibert had nearly \$300 in cash and this was destroyed.

After the fire the furniture which was removed from the dwelling was stored in the Red Men's Hall. Mrs. Seibert carried \$1,000 insurance upon the furniture. The building was also insured.

"There is nothing out of which people can make so much money as they can out of fruit. There may be 100,000 barrels of apples shipped out of Franklin county—more than will be sent out from any other three counties that I have been in; but the growers of many of them ought to be receiving double the money that they are getting for their fruit and such would be the case if more thorough spraying had been done."

Prof. Surface has not yet visited the Adams county orchards.

MORMONS CHEER PRESIDENT TAFT

Addressed Enthusiastic Audience in Tabernacle.

PINCHOT JOINS THE PARTY

Incident of Famous Conservation Dispute Develops at Presidential Train, When Taft Cordially Greets Chief Forester and Secretary Ballinger Snubs Him.

Salt Lake City, Utah, Sept. 25.—President Taft added a Mormon tabernacle to the long list of religious edifices in which he has made addresses to the people. It was at Provo, a thriving little city forty miles south of Salt Lake, where it is said 80 per cent of the residents are Mormons and the home of Senator Smoot is located, that the president faced probably the most effervescently enthusiastic audience of his ten days of travelling to the west.

There was nothing in all the program to suggest the religious character of the building. The president's appeal to the patriotism of the people, his congratulations to them on their evidences of prosperity and the fact that they were a community of the law.

REED SMOOT.

abiding by the laws and determined that every community of which they were a part should be a lawful community, called forth continued cheers. From Provo, where he was officially welcomed to Utah by Governor Spry, Senators Smoot and Sutherland and others, the president came on to Salt Lake.

Ballinger Snubs Pinchot.

The arrival of the president developed an incident in the now famous Ballinger-Pinchot controversy which was extremely interesting to those who saw it. Secretary Ballinger came with the president. At Provo word was received on the president's train that Chief Forester Pinchot had arrived in Salt Lake and would meet the presidential party there. When the train stopped Mr. Pinchot was at the foot of the rear platform steps of the president's car with Senator W. E. Borah, of Idaho.

"Why, hello, Pinchot," called the president, extending a hand heartily to grasp that of the chief forester.

"How are you?" he added. "I am glad to see you."

Mr. Pinchot responded cordially. Then the president greeted Senator Borah with "Hello, Bill, old fellow, how are you? I am mighty glad to see you."

Several other members of his party followed the president off the car, and then came Secretary Ballinger. Mr. Pinchot was standing directly beside Senator Borah.

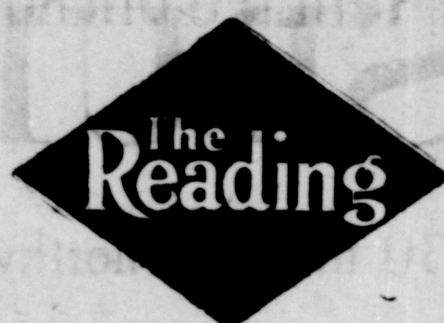

Mr. Ballinger greeted Senator Borah with a handshake, but apparently he recognized no one else in the vicinity. Neither he nor Mr. Pinchot made any effort to speak.

The president's visit to Salt Lake has caused a little flurry of excitement among the Protestant ministers. The difficulty arose over the purpose of the committee in charge to have the president speak at the Mormon tabernacle in this city Sunday morning. The controversy did not go as far as a formal protest. President Taft in the meantime had suggested by telegraph a change in the Sunday program so as to allow his morning to be free for rest and such religious worship as he might choose. The suggestion was agreed to, but after Senator Smoot boarded the president's train at Helper, Utah, the matter was adjusted by an arrangement of curtailing the Sunday morning services at the tabernacle in time to permit the president to review a living flag of school children and then proceed to the little Unitarian church.

PEARY PREPARING TO SMITE COOK

Gen. Hubbard Says His Evidence is Interesting.

WILL NOT BE MADE PUBLIC

After a Conference With Explorer, President of Peary Arctic Club Will Call a Meeting and Lay Evidence Before Members—Peary Did Not Present His Own Observations at Pole.

Bar Harbor, Me., Sept. 25.—"I have read the records submitted by Commander Peary on the question 'Has Cook Been at the Pole?' and found in them much that Dr. Cook has not stated. They are very interesting."

General Thomas Hubbard, president of the Peary Arctic club, made this statement after a careful examination of the Peary records on the controversy, which were submitted to him by Commander Peary at Bangor. While General Hubbard would give no intimation as to the nature of the proofs

GENERAL THOMAS HUBBARD.

which Commander Peary is confident will show that Dr. Cook was not at the pole, it was apparent that he was satisfied with the records before him.

Commander Peary is expected here Monday afternoon and will remain until Tuesday, during which time he will be a guest at the home of General Hubbard. During his visit Commander Peary will go over the records in detail and supply such information as General Hubbard may desire.

"I think it would be best not to make any statement after the conference with Commander Peary," said General Hubbard, "as it is a matter which the officers of the Peary Arctic club should pass upon. I shall call a meeting of the club officers very shortly, certainly within two or three weeks, for there shall be no delay. The meeting will be in New York."

The records and observations of Commander Peary at the pole were not submitted to General Hubbard, but will probably be placed before the Peary Arctic club.

What scientific body in this country may be selected to pass upon the records and data of Commander Peary and Dr. Cook will be considered at the meeting which General Hubbard will call.

Immersionists Expect the World
to End Today.

ELDER HAD NEW REVELATION

Faithful Showed Little Disappointment
That World Did Not End Yesterday
and Resumed Services When New
Prophecy Was Made.

West Duxbury, Mass., Sept. 25.—Awaiting the end of the world, which they believe will come before 6 o'clock tonight, the three hundred or more members of "The Latter Reign of the Apostolic Church," who call themselves "Triune Immersionists" and are popularly known as "Holy Rollers," resembled for a long watch meeting in their belief.

Hundreds of curious people from the neighboring villages lingered outside to note the progress of events, but as the curtains at the windows of the hotel were all drawn close, little of what occurred within was evident to outsiders. Apparently there was a praise service and exhortations and occasionally a voice pitched high in prayer was heard exclaiming: "O Lord, come soon; don't disappoint us."

Although 10 o'clock Friday morning was originally set as the hour of the coming of the end of all things, the faithful showed little disappointment when one of the elders announced that he had a new revelation that the world would not be destroyed until some time during the next twenty-four hours.

Believers only were allowed to enter the hotel. An exception was made in the case of Rev. Dr. Dillon Bronson, of Brookline, a well known Methodist clergyman, who was admitted and observed the proceedings for some time.

When he came out he said that the participants were evidently earnest in their beliefs, but that much of their talk was unintelligible. Women, with eyes closed and bodies trembling from excitement, made strange, incoherent utterances, which others, claiming to have "gift of tongues," translated into religious prophecies. Dr. Bronson said that there was much personal hypnotism "in the air," and that he even felt the influence of this hypnotism somewhat himself.

On several occasions a woman, apparently in a state of trance, emerged from the hotel and, waving her arms, motioned for the crowd to disperse. A few obeyed the woman's gesture of command, but the majority of the "sinners" paid little attention to her. On each occasion that the woman encountered disobedience she seemed to regain her normal aspect quickly.

POLITICIAN SHOT BY NEGRO

Insane Barber Fired on Passerby and Killed Himself.

Mount Pleasant, Pa., Sept. 25.—H. J. Jordan, a leader in Republican politics in this community and widely known, was shot by a negro, who afterwards ended his own life with a bullet. "Honey" Greenlo, a barber, who is said to have become mentally unbalanced over religion, was sitting in front of his shop when Jordan passed. Greenlo, without provocation, is said, whipped out a revolver and began firing at Jordan. One bullet entered from the left ear and emerged under the right eye. Another struck Jordan's shoulder. Greenlo then fired a bullet into his own brain, dying almost instantly. There is said to have been no enmity whatever between Jordan and the negro, and the crime is attributed to insanity.

Duke Sees King About Miss Elkins. Turin, Sept. 25.—Following an interview between the Duke of the Abruzzi and the Duke of Oosta, the former dined with King Victor Emmanuel and Queen Helena at the palace at Racconigi. In addition to giving their majesties a personal narrative of his recent mountain climbing expedition in

the Himalayas, it is reported that the duke desired to learn the attitude of the royal family concerning his reported engagement to Miss Katherine Elkins. If any definite decision was arrived at, however, it has not been made public.

Shot For a Burglar. Seekonk, Mass., Sept. 25.—Mistaken for a burglar or incendiary, Calvin L. Cady was shot and fatally wounded by his son-in-law, William L. Barnes. He died in a short time. Cady was getting a drink of water in the night, when Barnes, hearing him, fired his revolver at random. The shot struck Cady in the back.

FATHER'S BRUTAL CRIME

Kills Wife and Himself in Presence of Three Small Children.

Greenville, S. C., Sept. 25.—A brutal murder was committed here when Whit Galloway shot his wife dead and then killed himself in the presence of his three small children. Galloway carefully loaded both barrels of his shot gun, then crept to the side of the bed, aimed at his sleeping wife's head and discharged the gun, blowing off her head. Then placing the gun on the floor he placed the muzzle at the side of his head and pulled the trigger, blowing his head completely off. Jealousy is said to be the cause of the tragedy.

Galloway's little four-year-old daughter said her father also tried to kill her.

JOHNSON'S ESTATE SMALL

Will Not Exceed \$18,000 and Will Go to His Widow.

St. Paul, Minn., Sept. 25.—Fred W. Johnson, the late Governor Johnson's brother; Fred B. Lynch and T. D. O'Brien, close friends of Governor Johnson, began the work of getting the estate of the dead governor into shape, so that it may be probated. Governor Johnson left no will, but it is understood it was his wish, expressed before he died, that his entire estate be turned over to Mrs. Johnson. It is estimated that the value of the estate will not exceed \$18,000.

CHECKS FOR LESS THAN ONE DOLLAR ILLEGAL

In Penal Code Adopted by Last Session of Congress.

Washington, Sept. 25.—The business men of the country are just learning that the penal code adopted at the last session of congress puts a ban on checks for less than \$1. Charles D. Norton, acting secretary of the treasury, has asked the law officers of the government to construe the provisions of the code for him.

The mail order houses throughout the country appear to be much concerned on account of this provision. The new code was approved March 4, 1909, and will go into effect on Jan. 1, 1910. The language of the provision forbids the making, issuance, circulation or paying out of any note, check, memorandum, token or other obligation for less than \$1.

Business firms who have been interviewed as to the effect of the new enactment say it will mean the substitution of postage stamps, subsidiary coins and postage orders for payment of accounts representing fractions of a dollar. The number of bank checks drawn in payment of balances of less than a dollar are very few.

Elizabeth, N. J., Sept. 25.—A two-year-old youngster was drowned in two feet of water in a small barrel at his home in this city. He was Henry, infant son of Mrs. Henry Gleeman, a widow, of 162 Fifth street. He was playing with a toy hammer and threw it into the barrel. Then he went after it, climbing up a fence against which the barrel rested, and tumbled head first in.

A neighbor who saw the child's chubby legs protruding from the top summoned ambulances, but when they arrived the child was dead.

Washington, Sept. 25.—The first meeting of the board of tariff experts appointed under the Aldrich-Payne law to investigate and report on the maximum tariff was held in the office of the secretary of the treasury.

A POISONING MYSTERY

Man Found on Street in Pittsburg Suffering From Opium.

Pittsburg, Sept. 25.—Opium poisoning is assigned as the cause of the illness from which C. F. Swift, a resident of Taunton, Mass., is suffering in the Allegheny general hospital, and the police are trying to unravel the mysterious circumstances which seem to surround the case. An attempt at feil play is hinted at by some of the officials.

Eighty-two years old and evidently a stranger in the city, Swift was found unconscious, lying on a downtown street. Every indication pointed to opium poisoning, the pupils of his eyes being dilated when he was taken to the hospital.

Swift was unable to tell how he was poisoned.

FORTY HURT IN CRASH

Loaded Trolley Jumps Tracks at Seattle.

Seattle, Wash., Sept. 25.—A crowded trolley car bound for the world's fair grounds jumped the track at Fourteenth avenue and East Fortieth street, a block from the fair entrance, and crashed into a building.

Forty persons were injured, one per haps fatally. The seriously hurt were taken to the emergency hospital in the exposition grounds.

ZELLER, BOY SLAYER, SAVED FROM CHAIR

Death Sentence Commuted to Life Imprisonment.

Trenton, N. J., Sept. 25.—The court of pardons at a special meeting called by Governor Fort commuted the sentence from death placed upon Walter Zeller, the boy who murdered his grandfather at Vineland, to one of life imprisonment.

This is the second time that Zeller's case had been before the court of pardons. The first time his application for a commutation of sentence was refused. Strenuous efforts on the part of the boy's mother was the principal reason for his case being brought a second time before the court.

Zeller, with two companions, murdered his grandfather, William Read, for the purpose of robbery, early last November, while other members of the family were away from home. At the trial that followed Zeller was proved to be the leader and was sentenced to be electrocuted. Every member of the board voted in favor of his sentence being commuted.

BODY EMBALMED 32 YEARS

Negro Identifies Half-Brother Hanged in 1877.

Pittsburg, Sept. 25.—Henry Smithers, an aged negro, lies in the Allegheny general hospital, suffering from shock, the result of identifying the embalmed body of his half-brother, who was hanged for murder in the old Allegheny jail in 1877, and whose corpse, passing through the hands of two generations of undertakers, is preserved in a North Side undertaker's shop.

Smithers was in the alderman's court, called as a witness in a minor case, when the presiding alderman remarked that the seventy-one-year-old negro resembled a man whom he had seen hung thirty-two years ago. The negro was questioned and finally taken to the undertaking shop, where he identified his brother's body by scars and birthmarks.

The half-brother, James Smithers, court records show, was hung in this county for murder and his body was finally turned over to an undertaker by the name of Devore, long since dead. It passed through successive hands until it reached the Allegheny undertaking establishment where it was found.

SOPHIA BECK ARRESTED

Postal Inspectors Arrest Woman Long Wanted.

Camden, N. J., Sept. 25.—Estella Graham, alias Sophia Beck, alias Mrs. Edward Dunn, alias Estella Collins, was arrested in Atlantic City on a fugitive warrant issued on March 30, 1905. She is charged by Julius Hyman, of Hazleton, Pa., with using the mails to defraud. She was brought here and held for a further hearing next Monday before a United States commissioner.

Mrs. Graham, who is better known as Sophia Beck, was prominent in the Story Cotton company, of Philadelphia. Frank Marrin, alias Judge Stone, the head of the company, is now serving a fifteen year sentence in New York, having been arrested while out on bail from the United States court in Philadelphia, where he had been indicted for fraud in connection with the business of the company.

CHILD'S DREADEFUL SKIN TROUBLES

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—It Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured.

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES

"When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it, her own head became infected for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, some time later, her little foot got sore between the toes. Being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her ears. They cracked half way around and the humor spread up on to her head until, on several occasions, it was nearly half covered. The humor looked like a scald, very red with a sticky, clear fluid coming from it. This occurred every year. I think it was toward the spring. I always bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura Resolvent which soon cleared it out of her blood. I continued the use of Cuticura Soap and Ointment with the Resolvent until she was perfectly well. She is now about eight years old and has never been troubled in the last two years. We also find Cuticura Resolvent a good spring medicine and we are just giving the children Cuticura Resolvent. Pills as a tonic. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwerin, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."

No Rest Day or Night

"I would lay awake for hours without any apparent cause, or dream terrible dreams which would bring on extreme spells of nervousness. After taking Dr. Miles' Nerve and Tonic for awhile I could sleep well, and the nervous spells have left me." MISS ALMA HUG, R. R. No. 4, Canal Dover, Ohio.

Without sleep the nervous system soon becomes a wreck, and the healthful activity of all the organs obstructed. Restful, body-building sleep accompanies the use of Dr. Miles' Nerve because it soothes the irritable nerves, and restores nervous energy. When taken a few days according to directions, the most restless sufferer will find sleep natural and healthful. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.
